NOTICE.

PUBLIC HEARING, MAY 9, 1916.

PROPOSED IMPROVEMENT OF VANCOUVER HIGHWAY EXTENSION AND ROCKY HILL STREET WITHIN THE LIMITS OF THE PROPOSED "SEA VIEW FRONTAGE IMPROVEMENT NUMBER THREE," IN HONOLULU, TERRITORY OF HAWAII.

TO THE OWNERS, LESSEES AND OCCUPANTS OF LANDS ABUTTING ON SAID STREETS, PROPOSED TO BE ASSESSED FOR THE IMPROVEMENT OF SAID STREETS, AND TO ALL PERSONS INTERESTED GENERALLY:

NOTICE IS HEREBY GIVEN that in accordance with Resolution No. 482 and Resolution No. 487, as amended by Resolution No. 497, the Board of Supervisors of the City and County of Honolulu, propose to improve Vancouver Highway Extension and Rocky Hill Street in the District of Honolulu aforesaid, upon a frontage basis.

I. CHARACTER OF IMPROVEMENT AND MATERIALS.
(1) Grading.
(2) Setting lava rock curbing.
(3) Constructing concrete gutters.
(4) Paving the entire improvement with asphalt macadam, approximately seven and one-half (7½) inches finished thickness, excepting only that portion of Rocky Hill Street lying between Vancouver Highway Extension and Sea View Avenue, which shall be paved with concrete six (6) inches in thickness.

II. FRONTAGE TO BE ASSESSED.
The frontage to be assessed abutting on Vancouver Highway Extension begins at Maile Way and extends to the intersection of Vancouver Highway Extension with the north line of E. C. Rowe's property, and abutting on Rocky Hill Street as proposed to be extended begins at the end of Hunnewell Street and ends at the south boundary of Sea View Avenue and includes both sides of said street, exclusive of the intersection of said streets.

III. ASSESSMENTS PROPOSED.
(1) The cost of the entire improvement including the cost of acquiring new land and excluding the cost of new curbing, shall be paid by a general assessment at the maximum rate of \$2.9988 per front foot against all land abutting upon said proposed improvements, both sides included but not including the intersection of Vancouver Highway Extension and Rocky Hill Street. The total frontage is 8,889.40 feet.

(2) The cost of new curbing shall be paid by assessment at the maximum rate of \$0.40 per front foot against the abutting lands in front of which the same shall be laid.

IV. NEW LAND TO BE ACQUIRED FOR ROAD EXTENSION.
A strip of land of a uniform width of forty (40) feet is to be acquired from W. E. Wall for the purpose of extending Rocky Hill Street from its present north boundary to join with Hunnewell Street; said strip of land being more particularly described as follows:

Beginning at a point which is the intersection of the east property line of Hunnewell Street and the south boundary line of the "MANOA IMPROVEMENT DISTRICT NUMBER ONE," and running thence by true azimuths:

1. 308° 21'—34.53 feet along the east line of Hunnewell Street; thence, on a curve to the left, radius 20 feet, the azimuth and distance of the long chord being

2. 248° 50' 30"—25.98 feet; thence 3. 308° 20'—111.91 feet; thence on a curve to the right, radius 60 feet, the azimuth and distance of the long chord being

4. 225° 04' 30"—34.56 feet to the south boundary line of W. E. Wall's property; thence, along said property line

5. 75° 09'—40.00 feet; thence, on a curve to the left, radius 20 feet, the azimuth and distance of the long chord being

6. 141° 52'—9.26 feet; thence 7. 128° 20'—151.00 feet to the south boundary of the "MANOA IMPROVEMENT DISTRICT NUMBER ONE;" thence along said south boundary

8. 265° 45'—33.43 feet to the point of beginning and containing an area of 6283 square feet.

V. ESTIMATES OF COST.
(1) The maximum estimate of the entire cost of the improvement, including engineering and incidentals, is \$9146.83.

(2) The maximum estimate for new curbing to be borne on a frontage basis by Separate Assessment, is \$1853.32.

(3) The maximum estimate of the general improvement to be assessed on a frontage basis, is \$7793.51.

(4) The maximum rate to be assessed per front foot for the general improvement, is \$2.99938.

(5) The maximum rate, new curbing assessment per front foot, is \$0.40. All of which appears in more detail in the Engineer's report herein after referred to and incorporated by reference.

VI. FURTHER DETAILS.
The map and general plans, and other data so prepared by the Engineer in his report dated April 4th, 1916, and adopted by the Board, with respect to the proposed improvement (incorporated herein by reference) may be seen and examined by any person interested at the Office of the City and County Engineer and of the City and County Clerk at any time during business hours, prior to and including May 9th, 1916. Resolutions Nos. 482, 487 and 497 (incorporated herein by reference) and on file in the Office of the City and County Clerk.

VII. HEARING.
A PUBLIC HEARING respecting the proposed improvement will be held by the Board of Supervisors at their Assembly Hall, on May 9th, 1916, at the hour of 7:30 o'clock p. m., or as soon thereafter as those interested may be heard, at which time and place a full opportunity will be given

ANNUAL DAMON CONTESTS FOR PUNAHOU PUPILS

Declamatory Contests to be Held Next Thursday Morning

[Special Star-Bulletin Correspondence.] OAHU COLLEGE, April 17.—The annual Damon rhetorical contest will be held in Punahou Academy tomorrow morning, April 20.

This is a contest in declamation for two prizes and honorable mention, the prizes being the gift of the late Rev. Samuel C. Damon, D. D.

Each year there is a very pleasing interest shown in these contests. There are always a large number of readers in the school who strive for the prizes. From this number are chosen six or eight of those promising the best public performance and these few are very carefully coached on some carefully selected readings.

Miss Maud Hastings has been drilling the eight contestants for several weeks. The friends and patrons of Punahou are cordially invited to attend the contest to be held in the Pauahi Hall chapel at 8:15 next Thursday morning.

A special feature of the program will be a reading of the quarrel scene from "Julius Caesar." Dudley Pratt and Donald Larnach will present this number, so novel as a part of a declamation contest.

The following is the program:
How the La Rue Stakes Newton Hood
The Girl I Loved.....Marie Humphreys
The Quarrel Scene from Julius Caesar.....William Shakespeare
Dudley Pratt and Donald Larnach.
Hiawatha's Wooing.....Henry Wadsworth Longfellow
The Song of a Shirt.....Marian Paris
The Flower Scene from Incommodities.....Mary Lovell
The Story of Patsy.....Kate Douglas Wiggin
Nora Gardner.

Innovation is Planned.
An unusual and very interesting innovation is to be made in the Punahou Preparatory school. This innovation is to be in the character of the program to be presented at the Damon declamation contest.

Instead of having the contestants deliver a number of set and more or less threadbare declamations, Miss Maud Hastings, who has charge of declamations and oral expression at Punahou, has arranged a program of readings from the first 12 chapters of Dickens' "David Copperfield." These chapters are full of splendid character delineation and action and they are well adapted to declamation by young readers. The lines have been cut and selected so as to form 12 entertaining and meritorious readings for the 12 contestants.

This scheme is very praiseworthy. It causes the readers to carefully study and interpret a classic instead of striving and straining to present some flowery piece which has far less literary merit than mere impressive rhetoric and effusion.

\$250,000,000 USED IN 1915 ON ROADS
"American motorists will reap an immense benefit from approximately \$250,000,000 expended last year on highway construction," says H. E. White, manager of the B. F. Goodrich Co. "The big national highways of which we have been reading so much are, in my opinion, only the forerunners of a network of good roads that will have a tremendous effect on increased motor and tire sales."

"The owners will realize a tremendous amount of additional mileage per centing this season due to good roads. While this big saving will come to the three owners individually, tire sales will increase materially, nevertheless, on account of the new fields opened up and the increased sale of automobiles."

The Interstate Commerce Commission ordered an investigation of bituminous coal rates from points in Pennsylvania and several other states to lake ports.

NOTICE.
Notice is hereby given that, commencing with the 10th of April, 1916, and in accordance with Section 706 of the Revised Laws of 1915, thereafter a charge will be made for permits for the installation of underground tanks for the storage of oil as follows:
Fuel Oil installations up to and including 500 gals. \$5.00
Fuel Oil installations over 500 gals. 7.50
Tanks for the distribution of gasoline (these shall not exceed 400 gals.) 5.00
Notice is further given that all proposed installations must be submitted to the Superintendent of Public Works for approval prior to any work upon their installation.
